

MAKE SEATTLE'S GROWTH WORK FOR EVERYONE!

We join **Fare Share Seattle**, a coalition of housing, transit, labor, social justice, environmental, health, and community advocates that have come together to make sure Seattle's growth is working for everyone. Our Fare Share priorities are:

- Guarantee that Uber and Lyft drivers earn at least the Seattle minimum wage after expenses.
- Ensure that ride hail companies are contributing to thriving, livable communities, by implementing a modest fee on trips to fund affordable housing near transit and transportation improvements.
