# ANNUAL REPORT

2023

Dear friends,

The past year has been truly exceptional for HDC. At the Housing Development Consortium, we firmly believe that everyone deserves to live with dignity in safe, healthy, and affordable homes. Housing is the foundation for human health, success, and equitable communities. For over 36 years, our mission has been to build, sustain, and inspire a diverse network committed to producing, preserving, and increasing equitable access to affordable homes.

2023 saw a series of tremendous victories for housing affordability in our region. As a collective, we successfully led and delivered the renewal of the historic Seattle Housing Levy, securing this and other significant regional and state wins for affordable housing in King County. We worked to pass the Covenant Homeownership Act, a first-in-the-nation program, to address historic and generational housing discrimination in Washington. Our work also continued in developing the future leadership of the sector, with HDC's Housing Development Internship Program growing substantially, further opening the door to opportunities within the sector for students from diverse racial and socio-economic backgrounds.

Last year was also exceptional for another reason: it was HDC's 35th anniversary. Rather than look back, we chose to look forward—framing our collective movement and decades of shared effort through a lens aimed firmly at the future. We couldn't have asked for a better embodiment of this than Mayor Harrell announcing the \$970 million Seattle Housing Levy at our Annual Celebration in March—charging us collectively to continue the work done since 1986 so that we may move our region forward. We closed the year by delivering on this success.

As we celebrate these milestones, we do so with a renewed sense of energy and purpose, preparing for the challenges that lie ahead. HDC is actively engaging its members to tackle emerging and pressing sector issues such as rising operating costs and the effects of failures within our behavioral health systems. Our focus is on ensuring that our sector sees the benefits of the legislative victories reflected on the ground for residents. Throughout the year, we also laid the groundwork to leverage consequential land use decisions through the comprehensive plan updates, with a primary emphasis on housing affordability.

HDC is more than an organization; we are a **movement**. Our members' collective voice and action are essential to ensuring that all people live with dignity in safe, healthy, and affordable homes across King County. The future we aspire to build, one where everyone can come home, can only be built together.

Thank you for your steadfast dedication.

# Our Impact

## We're in this together.

This past year was one of far-reaching impacts and tremendous accomplishments. We spearheaded unprecedented state investments in affordable housing, we addressed generational legacies of housing discrimination, we delivered the Seattle Housing Levy, and so much more.

All these accomplishments were made possible by **you**, our members, showing up and making your voices heard. Together as a collective, HDC is the force for change that is building our shared future. You are shaping our region so that all neighbors have access to safe, affordable housing. Without you, none of this would've been possible.

**Delivering generational investments for affordable housing:** collectively, we led the charge on the Seattle Housing Levy—pivotaly bringing the levy home and delivering a landmark **\$970 million** for affordable housing. Thanks to you, over **3,100** homes will be built over the next seven years.

As a network, we mobilized in support of other major levies in King County, including the **Crisis Care Centers Levy** and the **King County Veteran and Human Services Levy**. The Crisis Care Centers Levy creates a countywide network of five crisis care centers, expanding needed capacity for people with behavioral health supportive needs. The King County Veteran and Human Services Levy funds permanent supportive housing and continues investing in reducing homelessness by connecting veterans, military service members, and their families, as well as individuals and families in need to affordable housing and other services.

We launched the **Decarbonize Affordable Housing Now program**—coordinating and guiding decarbonization upgrades to subsidized multifamily buildings, preserving affordability and preparing them for compliance with state/city Building Performance Standards.

In East King County, our members' leadership with the **Eastside Affordable Housing Coalition** resulted in amplified affordability requirements in the NE 85th Street Station area in Kirkland.

We ensured over a billion dollars of investment in housing through our collective work at the state level. We partnered with the **Washington Low Income Housing Alliance** for a historic \$400 million investment in the **Housing Trust Fund** and more resources for supportive services. Additionally, our advocacy led to a significant victory, passing the **Middle Housing** bill and expanding housing options for all.

We continued our commitment to equity with exceptional advocacy and policy leadership of the **Black Home Initiative**, coming together and organizing to pass the **Covenant Homeownership Account** bill—historic first-in-the-nation legislation that establishes a Special Purpose Credit Program to address the legacy of housing discrimination—aiming to increase homeownership opportunities for those previously excluded due to racial discrimination in housing. A new program will be launched by the Washington State Housing Finance Commission on July 1st, 2024, using the new revenue to assist affected first-time homebuyers.

As a movement, we continued our collective journey on **racial equity, diversity, and inclusion** by developing a vision for an anti-racist network model, launching race-based caucuses for BIPOC and white members, and taking racial equity and anti-racism training from the **People's Institute** and other organizations.

Our collective impact **by the numbers:**

**40** Housing Development  
Internship Program  
Applicants

**12** Housing Development  
Internship Program  
Interns

**275** Total Leadership  
Development Survey  
Course graduates to date

**81** Affinity Group  
Convenings Hosted

**3000** Total Event  
Attendees

**46** Events & Trainings
